

HERMAN GOLDNER CO., INC.

MECHANICAL CONSTRUCTION & SERVICE

Since 1887

— Plumbing Services —

Overview

Herman Goldner Company plumbing services incorporates a vast range of services, including new construction, retrofits and renovations to existing buildings.

We install water backflow containment systems and offer our customers water management services. We offer 24-hour-a-day emergency service, just call 800-355-5997 for plumbing repairs.

Domestic Water Backflow Containment Systems

Backflow preventers are required on all commercial, industrial, and office buildings in Philadelphia to protect against the contamination of drinking water. Our technicians are skilled in the installation, service and maintenance of backflow preventers as well as assessing facilities for other risks of contamination. We perform surveys and provide a written analysis, perform annual testing, certification, and annual inspections required by law.

Variable Speed Domestic Booster Systems

Replace your old mechanical operating domestic pumping system with a packaged skid mounted variable speed drive system. We can design a system to meet your changing hot and cold water domestic loads and save you thousands on your energy bills.

Drain and Sewer Cleaning Services

Providing 24/7 emergency drain and sewer cleaning services including main sewer lines, interior lines, hydro-jet cleaning, grease trap cleaning video pipe inspection and pipe locating. Serving commercial businesses, hospitals, hotels, industrial buildings, office buildings, pharmaceuticals and schools. Please call 800-355-5997 for 24-Hour Emergency Service.
