

HERMAN GOLDNER CO., INC.

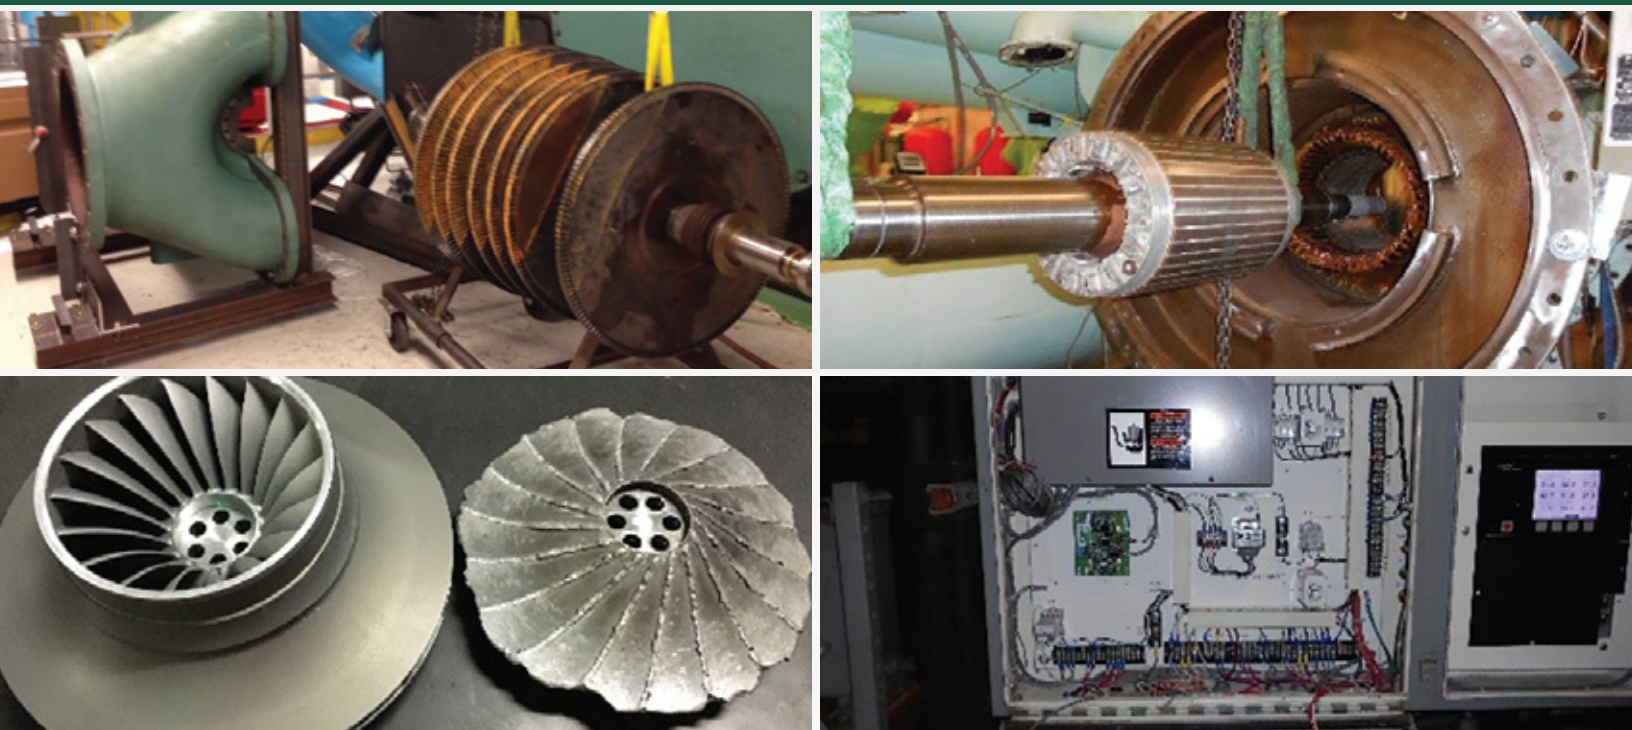

MECHANICAL CONSTRUCTION & SERVICE

Since 1887

— Chiller Division —

Overview

The Herman Goldner Company has been in business since 1887 as one of the industry's leading HVAC construction and service companies.

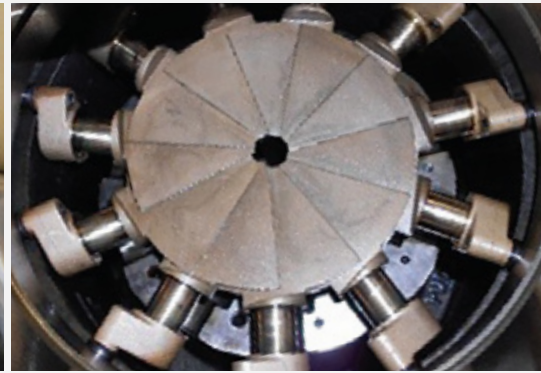

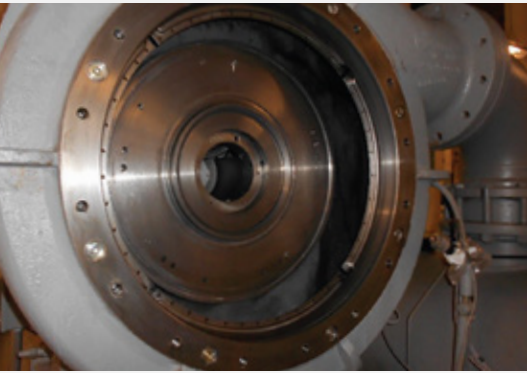

Goldner currently maintains over 250 chillers in the tristate area and is known for superior service and experience. Our technicians have over 200 years of combined service experience working on chilled water plant systems and chillers. Goldner's technicians are continually being trained to keep up with the changing technology and staying ahead of the competition.

Our expert team can perform chiller teardowns, retrofits, conversions and performance upgrades to meet any of your needs on all manufacturer's chillers. Our team has unparalleled chiller expertise to provide support to our service technicians and to our customers. If you are looking for competitive pricing on your next chiller project or service agreement, Goldner can offer you the best options to suit your chiller plant.
